

Electronic to Electrical Engineering Conversion Program

Submit your online application to:

<http://apply.uniten.edu.my/cponline>

System is now open from 12th October 2020 to 14th December 2020

Synopsis

This program will be delivered via online learning mode to ensure our safety during this Covid-19 pandemic situation. This program is offered to graduates with a Bachelor of Electrical & Electronics Engineering who have been registered under the Electronic category with BEM and now wish to change their registration to Electrical category. UNITEN has been given the approval by BEM to allow prospective candidates to enroll in relevant courses to bridge the gap in order to acquire sufficient knowledge in the Electrical Engineering field. Successful completion of the course(s) will qualify the candidates to change their registration category with BEM from Electronic to Electrical.

Course Objectives

This 15-week conversion program is similar to courses offered in UNITEN's Bachelor of Electrical Power Engineering (Hons.) program. The courses are aimed at providing strong electrical engineering fundamentals, especially electrical power topics to the participants.

Important Dates

Online Registration dates:

4 January - 6 January 2021

Important Information

Course Fee

RM 1,990.00 per subject

Additional fees

Registration fee	RM 100
Reference Materials	RM 60
ID card	RM30
Car Sticker (if driving to campus)	RM3

All fees are subject to

Payment: Bank draft payable to 'Universiti Tenaga Nasional';
Cash; or Credit Card

Personal cheque is not acceptable.

Terms and Conditions

- Only participants with offer letter will be registered.
- All payment is to be made during registration.
- Fees are not refundable if participants withdraw after registration.
- Tuition fee is reimbursement from EPF.

Courses Required

The prospective candidates may individually ascertain which of the courses are required by BEM for them to bridge the gap to be registered in the Electrical category by writing to BEM prior to enrolling in this program. Candidates may register with a copy of their degree certificate and transcript, and BEM recommendation letter. UNITEN will decide on the courses required for conversion based on the guidelines given by the BEM.

However, responsibility for changing the category rests solely to the candidates; UNITEN will issue an academic transcript showing the courses taken and the grade achieved.

Note: Each course is 3 credit hours

Courses Offered This Semester

This program will offer courses as follows:

- Electrical Machines & Drives (EMD)
- Electrical Power System II (PSII)

Methodology

The lecture will be held on alternate weekends (7 weekends in total); Saturday and/or Sunday: 9am –12pm and 2pm - 5pm. Online materials will be provided via UNITEN Learning Management System.

Tentative Schedule

EMD	PSII
09 Jan 2020	10 Jan 2020
23 Jan 2020	24 Jan 2020
06 Feb 2020	07 Feb 2020
27 Feb 2020	28 Feb 2020
13 Mar 2020	14 Mar 2020
03 Apr 2020	04 Apr 2020
17 Apr 2020	18 Apr 2020
